Allowable Subject Matter

- 1. Claims 1, 3-9, 11-12 and 14-22 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: applicant's claims define a method and apparatus for establishing an isolated execution environment having an isolated execution mode. The prior art discloses a similar device; however, the prior art do not disclose, either singularly or in combination, the following limitation: to transfer output data to an isolated bit plane on a graphic device,

the graphic device having the isolated bit plane for the output data from the isolated output area and an non-isolated bit plane for the output data from the non-isolated output area. Hence, claims 1, 3-9, 11-12 and 14-22 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
